Profile

As a Full Stack Developer with experience in MERN (MongoDB, Express.js, React.js, and Node.js), I bring a wealth of technical knowledge and practical experience to any project I work on. With a strong understanding of front-end and back-end technologies, I am able to develop scalable and efficient applications from concept to deployment. My expertise in developing RESTful APIs, integrating third-party services, and optimizing database queries allows me to build robust and high-performance web applications. Additionally, my strong problem-solving and collaboration skills enable me to work effectively with teams to deliver quality solutions on time and within budget.

Technical Skills

- Programming Languages: Python, C++, Javascript
- Front-End Technologies: HTML, CSS, JavaScript, React.js.
- Back-End Technologies: Node.js
- Databases: MySQL, MongoDB
- Tools and Frameworks: React.js, jQuery

Education

Computer Science
Punjab Technical University

- August 2020 - July 2024
- Overall CGPA: 8.0

Certifications

- The Complete 2023 Web Development Bootcamp,Udemy
  - 65.5 Hours of Training
- 100 Days of Code: The Complete Python Pro Bootcamp for 2023
  - 64 Total Hours of Training

Relevent Courses

- Data Structure Algorithms
- Web With Python
- Web Development

Skills

- C/C++
- Python
- HTML/CSS
- JavaScript
- MySQL

Coding Experience

- Primary Language: Python
- Coding Platform : CodeChef
- 300+ Problem Solved
